Subject: FW: Translation - Biniok Letter

Dear

I have now received a reply from Frau Biniok, the Public Prosecutor, to my letter of 23 September - see attached translation. I am sending the translation and original letter in German to Jackie Turner at Christian Khan (the Duggan family's solicitor) today. With regard to the request for copies of witness statements, Frau Biniok simply refers to other documents on the results of the judicial inquiry having already been sent. In other words, as she has already told me on the phone, there are no separate witness statements.

Regards,
